

N7270H Pilot Requirements

- All 182 pilots must possess at least a Private Pilot Certificate and have logged a minimum of 100 hours PIC time to begin 182 training.
- Operation of N7270H will be restricted to hard surface runways (no grass strip)
- All pilots wishing to fly N7270H must be qualified in High Performance aircraft as per FAR 61.31 (f) AND successfully complete the Sundowners C182 knowledge test and pass a check ride with a Club approved instructor. Upon completion, the instructor will notify the Flight Supervisor by e-mail and place the completed knowledge test along with instructor and pilot sign-offs in the Flight Supervisor's file located in the top drawer of the file cabinet located in the Sundowner's office.
